

## **LOW WATER PRESSURE ADVISORY**

Please be advised that on Wednesday, May 13, 2020 at 1:30 p.m., Peer Foods located at 3013 Presidential Way will be conducting Fire Pump Testing. During this time you could experience lower than normal water pressure and discolored water.

### **WHAT TO DO FOR BROWN WATER**

If you live in the surrounding area and are experiencing brown or dark water, run cold water in the bathtub or from your faucet until the water is clear.

### **WHAT TO DO IF YOU DID LAUNDRY WITH BROWN WATER**

If you did laundry and had brown water that left spots on the laundry, we have a rust remover product available at the utility office. Please call 812-526-3514 to make arrangements with the utility staff to receive some of the product to use when rewashing your laundry.
